

WA ABORIGINAL LANGUAGES LEGISLATION ALLIANCE

BACKGROUND

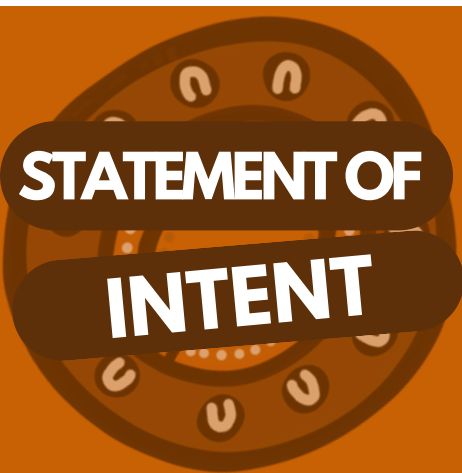

The eighty five First Nation's languages of Western Australia need legislation to ensure their continuation. The languages need due recognition as the first languages of the State, and protection and resourcing to ensure they carry into the future.

WA's First Nations languages are the identity and intellectual heart of the State's First Nations.

The Goldfields Aboriginal Language Centre Aboriginal Corporation (GALCAC) has established the **WA Aboriginal Languages Legislation Alliance (WAALLA)** to campaign for WA First Nations Languages Legislation. Your organisation can join this campaign too!

NSW has *The Aboriginal Languages Act 2017*. WA languages need legislation too.

WAALLA invites organisations to join as alliance members to bring the need for a WA Aboriginal Languages Act to the attention of the Premier and Parliament.
